Special Offer for Family Purchase

**10% discount for 2 units
and above**

(limited time offer only.)

H-Water Tumbler

Hydrogen Water
on Demand

RRP
RM **1190**
/unit

BENEFITS OF H-WATER

💧 Hydrate

The micro-cluster feature of ionized water helps our body to absorb water at a faster rate for a more efficient re-hydration.

💧 Active Hydrogen

Rich content of anti-oxidants counters the free radicals in our body. Dissolved oxygen also greatly fuels our metabolism and improves cells' function.

💧 Anti Aging & Detoxification

Efficient hydration promotes a great anti-aging effect by increasing the lifespan of body cells.

💧 Energy & Stamina Enhancing

Ionized water increases the oxygen level in the blood which improves our stamina.

FUNCTIONS

- 💧 **1000 to 1100** ppb
Cold water
- 💧 **1200 to 1300** ppb
Hot water

Simple **one-touch** button that generates **hydrogen**

Smart
Android
charger

Built-in
battery

Charging time:

1-2
hours

SPECIFICATIONS

Product size	Height - 18.5 cm Diameter - 7 cm
Capacity	400 ml
Rated voltage	3 V
Material	Cup lids: ABS plastic + Zinc alloy Cup body: glass Cup base: PP Plastic + 18/8 stainless steel
Electrolysis plate	Platinum-coated
Screws	Titanium-coated

OTHER VALUES

💧 Ionized Process

Electrolysis-ionized water contains dissolved molecular hydrogen.

💧 Doctor's Support & Access

Emphasizing on VIE'WATER's vision to create awareness on the benefits of water, we have doctors providing health consultation and sharing the benefit of hydrogen-rich alkaline water.
